An Opportunity for us ...

How YOU can help ...

- Plan some **fund raising activities** in your Province, amongst your colleagues, through your school communities, your past-students, your friends.
- Consider a **one-off donation**, or a commitment over 2, 3 or more years.
- Perhaps think of a **specific element of the project** you would like to support, such as classroom furniture, music equipment, children's uniforms, a teacher's salary, meals for a month, or a semester ... or general construction costs.

Imagine what we can do together!
